I. Purpose:

To insure a healthy crop of forest tree seedlings by controlling the harmful competing pests, weeds, and grasses that exist in the top twelve (12) inches of nursery soil. The Department of Forestry is authorized to contract for these services under Sections 10.1-1101 and 10.1-1105 of the *Code of Virginia*.

II. Scope of Work:

Designated Area: The areas to be fumigated at the Garland Gray Forestry Center include 22.09 acres, as designated by the attached sketch map (Attachment B), showing the areas to be fumigated. Operational lengths of the fields range from 300 to 500 feet. The soils are very sandy and there are permanent hydrants to avoid. The hydrants are approximately 60 feet apart.

Contractor Requirements:

1. The designated areas are to be treated with Methyl Bromide Concentrate, "MBC-33", (67% Methyl Bromide and 33% Chloropicrin) at a rate of 350 pounds per acre. After injecting the gas, the Contractor shall cover the treated area with polyethylene (one mil or more) tarp that will be glued at each seam to produce a solid tarp over the treated acreage.
2. The Contractor will keep the polyethylene tarp in place for a minimum of forty-eight (48) hours after the soil is injected with fumigant. The desired time the tarp should remain intact is forty-eight (48) hours.
3. In the performance of this contract, the Contractor shall use the following equipment and devices: tractor, bromide applicator (continuous type) with injectors into the soil, polyethylene tarp (one mil or more), sprayed glue, "MBC-33", transportation vehicles, and high-pressure steel bottles.
4. Contractor shall furnish all personnel, all required equipment in item number 3, plus any miscellaneous equipment and supplies (fuel) necessary for the performance of said contract.
5. The contractor will not be allowed to fumigate across existing nursery roads between fields. In fields where a road intersects, the fumigation tarp must be buried on each side of the road to avoid damage to the road surface.
6. All trash (bottles, cans, empty tarp rolls, etc.) must be hauled away prior to the contractor leaving the Nursery site. A charge of \$100 will be deducted from the invoice total for trash clean up.
7. If hydrants are damaged during the fumigation process, the contractor will be required to either return to repair the damaged hydrants or a \$150 service charge will be deducted from the invoice total for the replacement of each hydrant damaged.
8. The contractor will be responsible for following all EPA mandated laws. These may include but are not limited to notifying adjoining landowners, preparing required

fumigation plans, maintaining appropriate buffers and installing required signage along field borders.

9. The performance dates must be coordinated through the Nursery Manager within the period of the Contract since weather and soil conditions are critical factors.

Purchasing Agency Responsibilities:

10. The Purchasing Agency will till the land to an acceptable tillage just prior to the fumigation operation. This is understood to be nice, freshly tilled soil for the Contractor to work with.
11. A photocopy of each seedbed field map, with area designated to be fumigated, is attached and incorporated as part of this contract.
12. For safety, and other reasons, the Purchasing Agency will not furnish, or make arrangements for, any labor or assistance in performing any part of this project. The Purchasing Agency will however, remove the plastic tarps at their own discretion.
13. The Nursery Manager will keep the Contractor informed as to the possible dates for soil fumigation when the weather and soil conditions are favorable.

the Invitation for Bids may be cause for rejection of the bid; however, the Commonwealth reserves the right to decide, on a case by case basis, in its sole discretion, whether to reject such a bid as nonresponsive. As a precondition to its acceptance, the Commonwealth may, in its sole discretion, request that the bidder withdraw or modify nonresponsive portions of a bid which do not affect quality, quantity, price, or delivery. No modification of or addition to the provisions of the contract shall be effective unless reduced to writing and signed by the parties.

All invoices shall show the state contract number and/or purchase order number; social security number (for individual contractors) or the federal employer identification number (for proprietorships, partnerships, and corporations).

- e. **Unreasonable Charges.** Under certain emergency procurements and for most time and material purchases, final job costs cannot be accurately determined at the time orders are placed. In such cases, contractors should be put on notice that final payment in full is contingent on a determination of reasonableness with respect to all invoiced charges. Charges which appear to be unreasonable will be researched and challenged, and that portion of the invoice held in abeyance until a settlement can be reached. Upon determining that invoiced charges are not reasonable, the Commonwealth shall promptly notify the contractor, in writing, as to those charges which it considers unreasonable and the basis for the determination. A contractor may not institute legal action unless a settlement cannot be reached within thirty (30) days of notification. The date of mailing of any payment by U. S. Mail is deemed to be payment to the addressee. These provisions apply to each sub-tier contractor performing under the primary contract. A contractor's obligation to pay an interest charge to a subcontractor may not be construed to be an obligation of the Commonwealth.
3. Each prime contractor who wins an award in which provision of a SWAM procurement plan is a condition to the award, shall deliver to the contracting agency or institution, on or before request for final payment, evidence and certification of compliance (subject only to insubstantial shortfalls and to shortfalls arising from subcontractor default) with the SWAM procurement plan. Final payment under the contract in question may be withheld until such certification is delivered and, if necessary, confirmed by the agency or institution, or other appropriate penalties may be assessed in lieu of withholding such payment.

Any claim for an adjustment in price under this provision must be asserted by written notice to the Purchasing Agency within thirty (30) days from the date of receipt of the written order from the Purchasing Agency. If the parties fail to agree on an amount of adjustment, the question of an increase or decrease in the contract price or time for performance shall be resolved in accordance with the procedures for resolving disputes provided by the Disputes Clause of this contract or, if there is none, in accordance with the disputes provisions of the Commonwealth of Virginia *Vendors Manual*. Neither the existence of a claim nor a dispute resolution process, litigation or any other provision of this contract shall excuse the contractor from promptly complying with the changes ordered by the Purchasing Agency or with the performance of the contract generally.
